WS

Schools White Paper

“

Across government, we are rebuilding public services for our children, to support healthy, happy childhoods and enable every child to achieve and thrive. Our plans will wrap services around children and schools. Our schools are a truly universal public service which can touch the lives of every child and family.

”

Current Themes

- SEND reforms
- Data management/reporting and AI to boost learning
- Managing expectations and recognising achievement
- Collaboration through trust networks
- Inspection, regulation and intervention
- Funding shortfalls
- Governance capacity
